

**PROTECT
AND
IMPRESS**

**Are you
forgetting
the final step?**

**Used Vehicle
Pre-Sale Checklist**

- Vehicle History Report
- Full Vehicle Inspection
- Interior & Exterior Detailing
- Proper Interior Protection including Seat Jackets™

**Increase pre-owned
vehicle sales with a
great first impression.**

You invest time and money to prepare a vehicle for sale, and proper interior protection not only keeps things clean, it tells customers that the vehicle has been **pampered!**

**Keep Your Used Vehicle
Dressed for Success!**

From the manufacturer of Slip-N-Grip® products and solutions, the only interior vehicle protection used in both O.E.M. and aftermarket applications brings you **Slip-N-Grip® Seat Jacket™!**

This is the only product available to help dress and protect all of your pre-owned vehicles prior to resale.

**Seats stay clean,
customers are
impressed, and
vehicles sell!**

*Our interior protection products are used
with pride on vehicles around the world.*

Stays in place, impervious to water, oil, grease and most shop chemicals

Little things that make a BIG difference!

- PARTS BAGS** are ideal for purchases and worn parts, resistant to most shop chemicals, 40% post-consumer recycled plastic available in three sizes
- SERVICE DISPATCH NUMBERS** printed on heavy card stock for durability, highly visible, fits all vehicles
- FENDER COVERS** provide grip and cushioning, large 2' x 3' surface
- ADHESIVE FLOOR MATS** are perfect for detail shops, car washes, car dealers, and RV outlets, stay-in-place for up to 30 days
- PAPER KEY TAGS AND RINGS** with metal rings or 2" metal wire
- PLASTIC KEY TAGS** a self-locking design that holds keys securely
- CAN LINERS** the strongest bag available, costs no more than traditional bags, 70% post-consumer recycled content, in sizes from 12 to 55 gallon
- REPAIR ORDER HOLDERS** in three different styles to accommodate most forms, clear or solid back, with or without handles
- REPAIR ORDER RACKS** sturdy metal design easily manages paperwork, 12 or 18 slot models
- TIRE MASKERS** offer protection from dust and overspray, tight fit, prevent flaking during removal
- NIGHT DROP BOX** durable metal box with pull-down tray, door closes automatically

Nearly all of our products can be custom imprinted with your logo or message.

Why use interior protection?

Between a perfect repair, a fair price and a dirty interior, the only thing a customer remembers is the dirty interior. Happy customers come back and tell others - unhappy customers don't come back but they still tell others!

Why use Slip-N-Grip®?

Slip-N-Grip® seat covers have two distinct layers - the bottom layer grips the seat to stay in place and the top layer is smooth allowing easy entry and exit from the vehicle. We pioneered closed loop recycling processes that divert and recycle landfill-bound plastic waste for use in our products.
